

## 2009 : The Year in Rap

When the ball dropped on 2009,  
\_\_\_\_\_, I ain't gonna be lying,  
\_\_\_\_\_ and it started to climb,  
Bush was our President for short of time,  
On January 20th, \_\_\_\_\_,  
Obama, stepped in like a veteran,  
Beyonce sang "At Last" –  
Then Etta James said that she \_\_\_\_\_ whup her  
\_\_\_\_\_,  
So Obama got \_\_\_\_\_,  
Hundreds of billion in cash,  
Some thought the spending wasn't okay,  
So the threw more tea parties than \_\_\_\_\_,  
It's sorta major that Sotomayor,  
Is the first \_\_\_\_\_,  
Health reform? Wait for the medicine,  
Didn't happen, we'll check in again in 2010.

*Devon "TeeDome":*

Iran chose their president for tomorrow,  
People thought he \_\_\_\_\_, and \_\_\_\_\_ followed,  
We saw Iceland's money declined,  
So bleak, they even had to close Mickey D's,  
The world seemed troubled at times,  
Packed with conflicts in 2 double-0 9,  
\_\_\_\_\_ held two US journalists captive,  
Until Bill Clinton \_\_\_\_\_,

Ukraine and Russia had a fight,  
Over \_\_\_\_\_ when Russia cut off the supply,  
\_\_\_\_\_ in need of petroleum,  
Other wars show no signs of folding in,  
In Afghanistan we're at war too,  
The \_\_\_\_\_ more troops,  
Promote peace, that's the best way  
We can \_\_\_\_\_ for the next decade.

2009 saw plenty of action,  
Let's start with a shout out \_\_\_\_\_,  
The King of Pop had us all \_\_\_\_\_ he was living,  
And when he died, \_\_\_\_\_,  
But it won't stop the party,  
And celebration for the discovery of \_\_\_\_\_  
The oldest known human \_\_\_\_\_ remains,  
And if ya look at us today man it ain't much changed,  
Its strange – knowing that \_\_\_\_\_,  
And with Global Warming dude, we could be moving there  
And the net is \_\_\_\_\_,  
A year ago, nobody could tell you what "\_\_\_\_\_" is,  
09 was great, but for some, hit or miss,  
Like Kanye West when he dissed Taylor Swift,  
Flocab brought you the Year in Rap,  
2009 was fine, in 2010 \_\_\_\_\_!
